https://github.com/Aarthy15

Motivated and detail-oriented front-end developer seeking an opportunity to contribute to production-grade projects. Excited about the chance to apply and expand skills in ReactJS ,Typescript, CSS, and potentially NextJS.

SKILLS

1. **HTML, CSS, and Javascript** – Having good knowledge in building Responsive Websites.
2. **ReactJS and Java** - Beginner and have knowledge in basic concepts.
3. **Workflow-** GitHub.

PROJECTS

- Developed and maintained front-end features using React.js

- Actively learned and implemented best practices in front-end development.

1.Portfolio -- HTML, CSS, JavaScript
- A personalized online space where individuals showcase their work, skills, and achievements.
- It serves as a digital resume, created using technologies like HTML, CSS, and JS, allowing users to present their projects, talents, and experiences in a visually appealing and interactive manner. It's a virtual window into one's professional or creative journey. (**https://aarthy-personal-portfolio.netlify.app/**)
